

Rubicon
International

EMPLOYMENT OPPORTUNITY

WEB DEVELOPER

ABOUT RUBICON

Rubicon International is an educational technology services firm known for its leadership in the field of curriculum management. Using Atlas, the curriculum management program developed by Rubicon, the firm partners with public and independent schools throughout the world to plan and implement Web-based curriculum mapping. Rubicon is committed to being a world-wide leader in making a difference in teaching and learning. The Atlas Education Centre, located at Rubicon's offices at the World Trade Center in downtown Portland, is the first educational and training facility devoted entirely to curriculum development and the sharing of best practices.

RESPONSIBILITIES

The Web Developer will work in a team dedicated to developing new functionality for the Atlas system and supporting existing clients. The successful candidate will be able to investigate and understand a large existing code base, create functionality with it and extend it as needed. This position is intended as a full time position, but could start as an internship for the right candidate.

TECHNICAL ENVIRONMENT

Our code is PHP connecting to a MSSQL database and an XML content server. Object oriented methodologies are used extensively. Javascript/AJAX are used for front end interactions.

HELPFUL SKILLS COULD INCLUDE

- Interest in the field of Education.
- Interactive web development using Javascript/AJAX.
- Relational database programming.
- Object oriented programming in a web based environment.
- Experience customizing content management systems such as Drupal.
- Testing experience with Selenium and/or Unit Testing.
- Experience with XML, xpath, XQuery.
- Ability to integrate into a tightly knit agile development team.

Location: Headquarters Office, Portland, Oregon

Hours: Full-time

Dates: Immediate

This is a salaried opportunity based on skills and experience.

Interested candidates should email a resume, cover letter and 3 references to:
