When our landlord quit providing waste and recycling services, we were unsure what to do. We were so happy to find Rubicon! Rubicon allows us to lock our dumpster, giving us peace of mind that we are the only ones using it. We are thrilled with the consistency of Rubicon's service and responsive customer support team.

Our previous waste provider was unreliable and we often received additional charges. We greatly appreciate Rubicon's pricing transparency, and even better we benefit from cost savings!
