Technology to transform solid waste management, snow removal, and street sweeping

**RUBICON X**
*RUBICON X*, also referred to as the in cab inter-face (ICI), is a customized smartphone or tablet loaded with Rubicon’s proprietary application. The device sits in a swivel mount, on the dashboard, inside the cab of the truck, and is purposely designed to allow any driver to use in any vehicle without hardwiring. The ICI verifies the collection service of an area, in near real-time, without using RFID, and provides drivers with intuitive tools to enhance their workflow.

**RUBICON Y**
*RUBICON Y*, also referred to as the Pod, is a best-in-class telematics device that plugs directly into a vehicle’s diagnostic port. The Pod monitors and transmits critical data related to vehicle health, vehicle location, and driver behavior.

**PORTAL**
The portal is a password-protected, browser-based dashboard that helps centralize decision making, provide operational oversight, and view all data related to a solid waste operation.

Rubicon offers an all-in-one solution

**Features**

- Work order management
- Real-time issues reporting
- Identify neighborhood insights
- Turn-by-turn navigation
- Complete telematics
- AVL/GPS
- Daily route management
- Customized reports
- Pre/post trip inspection reporting
- Weight ticket reporting
- Vehicle diagnostics
- Driver performance
- Breadcrumb trails & route playback
- Asset management
- Route completion data
- Web-based portal
- iOS or Android-based App
- Portal monitoring

Rubicon’s standard software as a service (SaaS) package includes:

- Hardware
- Software
- Training
- Cellular fees
- Data storage
- Cloud-based hosting
- Upgrades/updates
- Unlimited portal users

For RUBICONSmartCity only

**Integration Capabilities**

Rubicon uses REST APIs to integrate with the following:

- Billing systems
- 311 systems
- Scales
- Asset management systems
- Work order management systems
- GIS

**Procurement Channels**

- AWS Marketplace
- Sourcewell
- Samsara
- Geotab
- Marketplace
- Marketplace.city
- HGACBuy
